**ANNEXURE - I TO CORRIGENDUM - 2 DATED 06.05.2025**

**Tender No: BNPM/NCB/565/2024-25 dated 12.03.2025**

| S No  | Tender Clause   | Bidders Query  | Clarifications to tender terms & conditions   |
|-------|---|--|---|
| 1     | <u>Section VII - Technical Specification:</u> General Query | Can you please confirm the width of the belt conveyor as mentioned in the document that the each belt size is 20mm so what's the distance between the 2 belts and how many belts are there of 20mm on top and bottom both? This information we need is to understand how much paper is exposed to clean and how much is covered by the belt. | The belt position drawing showing the distance of the belts (in mm) from the centre and spacing between individual belts at the proposed location (2) for the dust cleaning after cross cutter is as provided in S No 1(a) below,<br><br>Total number of belts at the location is 15. |
| 1 (a) |   |  |   |
| 2     | <u>Section VII - Technical Specification:</u> General Query | We need the CAD drawing of the location where we have to install the web cleaner. The location drawing are already share by you in the bid document, we just need the same in auto cad or 3D which will help us designing the mounting brackets for the web cleaner.   | BNPM does not have AutoCAD/ 3D drawings of the machine location.<br><br>The successful bidder can carry out necessary drawings of installation location after issue of order.   |
