Point No.21 (b): Make in India (MII): Revised

MII:

- a. The provisions of the Public Procurement (Preference to Make in India) Order, 2017 dated June 15, 2017 (and subsequent amendments, if any) by Department of Industrial Policy and Promotion, GoI shall apply to this tender to the extent feasible. In terms of the DIPP Order on Preference to make in India, the local supplier shall provide: **A self-certificate as given in ANNEXURE-E giving the percentage of local content along with details of the location(s) at which the local value addition is made.**

False declarations will be in breach of the Code of Integrity under Rule 175(1)(i)(h) of the General Financial Rules for which a bidder or its successors can be debarred for up to two years as per Rule 151 (iii) of the General Financial Rules along with such other actions as may be permissible under law.

b. Definitions under Make in India:

Local Content: 'Local content' means the amount of value added in India which shall, unless otherwise prescribed by the Nodal Ministry, be the total value of the item procured (excluding net domestic indirect taxes) minus the value of imported content in the item (including all customs duties) as a proportion of the total value, in percent.

Procedure for calculating local content/ domestic value addition:

- (i) Bill of Material sourced from domestic manufacturers (**Dom-BOM**) may be calculated based on one of the followings depending on data available. Each of these calculations should provide consistent result.
- Sum of the costs of all inputs which go into the product (including duties and taxes levied on procurement of inputs except those for which credit/ set-off can be taken) and which have not been imported directly or through a domestic trader or an intermediary.
 - Ex-Factory Price of product minus profit after tax minus sum of imported Bill of Material used (directly or indirectly) as inputs in producing the product (including duties and taxes levied on procurement of inputs except those for which credit/ set-off can be taken) minus warranty costs.
 - Market price minus post-production freight, insurance and other handling costs minus profit after tax minus warranty costs minus sum of Imported Bill of Material used as inputs in producing the product (including duties and taxes levied on procurement of inputs except those for which credit / set-off can be taken) minus sales and marketing expenses.

BNPM/NCB/528/202 5-26 dated 27.02.2026	BANK NOTE PAPER MILL INDIA PRIVATE LIMITED	SHEET 6 OF 12
	Tender for Supply of NMS Server & CCTV Workstation at BNPM Plant, Mysuru CORRIGENDUM NO. 1	

- (ii) Total Bill of Material (**Total-BOM**) may be calculated based on one of the following depending on data available. Each of these calculations should provide consistent result.
- Sum of the costs of all inputs which go into the product (including duties and taxes levied on procurement of inputs except those for which credit / set-off can be taken).
 - Ex-Factory Price of product minus profit after tax, minus warranty costs.
 - Market price minus post-production freight, insurance and other handling costs minus profit after tax, minus warranty costs minus sales and marketing expenses.
- (iii) The percentage of domestic value-addition may be calculated based on information furnished as per the following formula:

$$\text{Percentage of local content / domestic value addition} = \frac{\text{Dom} - \text{BOM}}{\text{Total} - \text{BOM}} \times 100$$

It is recommended that each agency assessing should calculate the domestic local content/ value-addition using at least two of the above formulae so as to validate the assessments in this regard and ensure that the domestic value addition that is claimed is consistent.

Margin of Purchase Preference: Margin of Purchase Preference means the maximum extent to which the price quoted by a "Class-I local supplier" may be above the L 1 for the purpose of purchase preference. The margin of purchase preference shall be **20%**.

- **Class - I Local supplier:** Minimum local content 50%.
- **Class - II Local supplier:** Minimum local content 20%.
- **Non-Local supplier:** Local content less than 20%.

'Class-I local supplier' means a supplier or service provider, whose goods, services or works offered for procurement, meets the minimum local content as prescribed for 'Class-I local supplier'.

'Class-II local supplier' means a supplier or service provider, whose goods, services or works offered for procurement, meets the minimum local content as prescribed for 'Class-II local supplier' but less than that prescribed for 'Class-I local supplier'.

'Non - Local supplier' means a supplier or service provider, whose goods, services or works offered for procurement, has a local content less than that prescribed for 'Class-II local supplier'.

Note: OM No.1/4/2021-PPD dated 18.05.2023 may be referred for compliance of Concurrent application of Public Procurement Policy for Micro and Small Enterprises Order, 2012 and Public Procurement (Preference to Make in India) Order, 2017.

c. CRITERIA FOR BOM REQUIRED FOR DESKTOP PC TO BE CLASSIFIED AS DOMESTIC:

Definition: For the purpose of this notification, a server shall necessarily consist of a Mother Board, CPU, Memory (RAM), Hard Disk Drive (HDD)/ Solid State Storage Drive (SSD), Power Supply Unit (SMPS), Connecting Cables and Firmware & OS.

The domestic BOM of Desktop PC would be the sum of the cost of main inputs as specified in Column 1 of the following table, provided the inputs individually satisfy the value addition requirement specified in Column 2 of the table:

Main inputs in BOM/ stages for manufacture of Desktop PC	Value addition/ local content required for the input to be classified as domestic BOM
1	2
Main Board / Motherboard and CPU / GPU	Domestic PCB Assembly* and testing from imported/ domestically manufactured parts and components, including the value of Semiconductors** and CPU/ GPU** and excluding the value of bare PCB. However, the weightage of total value of CPU shall not exceed 30% of the total BOM of the Desktop PC.
Memory Module	Domestic PCB Assembly* and testing from imported / domestically manufactured memory chips** and parts / components on imported/ domestically manufactured bare PCB, excluding the value of bare PCB.
Hard Disk Drive / Solid State Drive (SSD)	Domestic PCB Assembly* and final product assembly and testing from imported / domestically manufactured parts and components, excluding the value of bare PCB.
LCD / LED Monitor	Domestic assembly and testing of LCD / LED Monitor from parts consisting of imported/domestically assembled LCD / LED Panel and Domestic PCB Assembly*, Domestic plastic moulding and Domestic stamping of metal parts, excluding the value of bare PCB.
DVD Drive	Domestic assembly and testing from imported / domestically manufactured parts and components.
Cabinet + SMPS	Domestically manufactured Cabinet and Domestic PCB Assembly* and the final assembly and testing of SMPS from imported/ domestically manufactured parts and components, subject to the condition that the domestically manufactured parts and components used in the assembly of "SMPS" will be minimum 20% (of the total value of parts and components used in the manufacture of "SMPS").

	Tender for Supply of NMS Server & CCTV Workstation at BNPM Plant, Mysuru CORRIGENDUM NO. 1	

Keyboard/Mouse	Domestic PCB Assembly* and the final assembly and testing from imported / domestically manufactured parts and components.
Bare PCB	Domestically manufactured from imported / domestically manufactured inputs.
(i) Final Assembly / Testing and (ii) Design / Development	(i) Domestically assembled/tested and (ii) Intellectual Property (IP) resident in India for any of the above items. The value of IP resident in India for any of the above items shall be reduced from its value in domestic BOM.

* It is essential that the Printed Circuit Board Assembly (PCBA) of the CPU(s)/ GPU/ processor(s) parts/components on the bare PCB using the SMT process should mandatorily be done in India.

** This shall be reviewed when the Semiconductor FAB in India is operational.

d. CRITERIA FOR BOM REQUIRED FOR SERVER TO BE CLASSIFIED AS DOMESTIC:

Definition: For the purpose of this notification, a server shall necessarily consist of a Mother Board, CPU, Memory (RAM), Hard Disk Drive (HDD)/ Solid State Storage Drive (SSD), Power Supply Unit (SMPS), Connecting Cables and Firmware & OS.

The domestic Bill of Material (BOM) of a Server would be the sum of the cost of main inputs as specified in Column I of the following table. provided the inputs individually satisfy the value addition requirement specified in Column 2 of the table:

Main inputs in BOM/ stages for manufacture of Server	Value addition/ local content required for the input to be classified as domestic BOM
1	2
Server Board/ Mother Board and CPU(s)/ GPU(s)	Domestic PCB Assembly* and testing imported/ domestically manufactured from parts and components, including the value of Semiconductors** and CPU(s)/ GPU(s)** and excluding the value of bare PCB.
Memory Module	Domestic PCB Assembly* and testing from imported/ domestically manufactured memory chips** and parts/ components on imported/ domestically manufactured bare PCB, excluding the value of bare PCB.
Hard Disk Drive/ Solid State Storage Drive Domestic assembly and testing (SSD)	Domestic assembly and testing from imported/ domestically manufactured parts and components.

Cabinet+ SMPS	Domestically manufactured Cabinet and domestic assembly and testing of SMPS from imported/ domestically manufactured parts and components, subject to the condition that value of domestically manufactured parts and components used in the assembly of "SMPS" will be minimum 25% (of the total value of parts and components used in the manufacture of "SMPS").
Bare PCB	Domestically manufactured from imported/ domestically manufactured inputs.
Accessories (Power Cables, Connectors, etc.)	Domestic assembly and testing from imported/ domestically manufactured parts and components.
(i) Final Assembly and Testing (ii) Design & Development	(i) Domestically assembled/ tested and (ii) Intellectual Property (IP) resident in India for any of the above items. The value of IP resident in India for any of the above items shall be reduced from its value in the domestic BOM.
